ONE OF HAMMOND'S LEADING

PERMANENT WEVERS

THEY'RE BETTER BECAUSE

- 1—Every wave is tested and given by an expert.
- 2—Your hair comes off the winders, not kinky or fuzzy, but with a natural curl.
- 3—There is a deep, strong curl that lasts.
- 4—It needs no finger wave and is guaranteed by a shop with a proven reputation.

REGULATIONS

With Which The Subscriber Has Agreed To Comply

To establish credit an applicant who is unknown to the Company is required to make an advance payment for not to exceed three months' service.

Where the cost of installation is out of proportion to the exchange revenue it produces, the subscriber will be required to pay a reasonable proportion of such cost.

Following the acceptance of the Company of an application for service, the Company assigns a telephone number, but this number is not a part of the contract and may be changed at any time at the discretion of the Company.

Under average conditions the Company requires ten days to arrange for and complete an order to install or move a telephone.

To guard against interference with the service unauthorized attachments with the telephone lines or instruments are prohibited.

For any complete failure of service, of which notice in writing has been sent to the Company's Business Office, and which has continued for more than twenty-four hours thereafter, an abatement of the contract charge shall be made for the period of such interruption.

The continuous use of a party line is limited to five minutes. Party line subscribers are necessarily associated on the line with others located nearest to them and using the same class of service. Mutual accommodations usual in public service of any kind, where two or more persons are jointly concerned, should be extended between party line users.

Where the service of a subscriber is temporarily discontinued and the telephone number is retained during absence on vacation, one-half the regular rental shall be charged, during such period, provided written notice of the temporary discontinuance of service is given to the Company in advance.

Bills are rendered once a month, to cover (a) one month's charges for local exchange service in advance, and (b) toll and other charges in arrears. Bills are payable at the office of the Company. If not paid on or before the fifteenth day after issuance of the bill, written notice calling attention to that fact will be sent to the subscriber; after which action the service may be discontinued, without further notice, if a settlement of the account is not made by the seventh day.

When settlement of the bill is made before telephone instruments have been removed from the premises, service will be restored upon payment of the following restoral of service charge:

- a. If service has been suspended one way only.....\$0.50
- b. If service has been suspended both ways.....1.00

When settlement of the bill is not made until telephone instruments have been removed from the premises, the regular service connection charge applies.

Measured Service, where furnished, is billed on a monthly period guarantee basis, the bill for each period to cover (a) the guaranteed charges for one month in advance, and (b) additional messages and toll in arrears. Failure to use the minimum guaranteed number of messages in any monthly period, or the use of messages in excess of such number, does not entitle the subscriber to any allowance in any other monthly period.

Joint User Service will be furnished only on P. B. X. and individual line service; only two joint users may be permitted on each two-way line.

Four-party Service is furnished only where at least two subscribers within the limits of a single block apply for such service, or there is a vacancy on an existing circuit.

Two-party Service beyond the established exchange area will be furnished only where two parties outside said area, but within one-quarter mile of each other, apply for service at the two-party rate.

Four-party Service beyond the established exchange area will be furnished only when at least three parties outside said area, who are within a radius of one-quarter mile of each other, apply for the service at the four-party rate.

Rural Service is furnished only where at least two subscribers are secured for each one mile of line built.

Ownership of Facilities

All facilities provided by the Telephone Company, including directories, remain the property of the Company and are subject to the following regulations:

Foreign Equipment.—No apparatus or appliance not furnished by the Telephone Company shall be attached to or used in connection with the facilities furnished by the Company.

Directories.—Telephone directories containing the listings of subscribers, issued from time to time by the Telephone Company free of cost, are and remain the property of the Telephone Company. They shall not be mutilated and shall be surrendered to the carrier who delivers the subsequent issue. No binder, holder or auxiliary cover except such as may be furnished by or with the consent of the Telephone Company, shall be used in connection with any telephone directory furnished by the Telephone Company.

INFORMATION ABOUT TELEPHONE SERVICE

How to Use the Telephone

When using the telephone speak distinctly in a moderate tone of voice.

To recall the operator on a Common Battery telephone (one where you signal the operator by merely lifting the receiver from the hook) on a connection, move the receiver hook up and down slowly three or four times.

On a Magneto telephone (one where you signal the operator by turning a crank) if you wish to recall the operator hang up the receiver and give the handle one quick turn.

Party Lines

All subscribers on the line have equal rights; for that reason calls should be reasonably limited in length of conversation. To make for efficient service and to prevent annoyance to others on the line the following rules should be observed:

When you wish to call, remove the receiver and listen. If the line is in use, restore the receiver to the hook and wait for those using the line to finish.

Always answer your own signal. If there is any confusion about the rings, report the facts to the Supervisor.

LONG DISTANCE TELEPHONE SERVICE

Station-to-Station Service—A station-to-station call is a call to a telephone at an out of town point on which the person calling will talk with anyone who answers at that telephone. Tell the Long Distance operator you will talk with "anyone who answers."

Reduced rates are in effect during the evening and night periods as follows:

Day Rates—4:30 A. M. to 7:00 P. M.
Evening Rates—7:00 P. M. to 8:30 P. M.
Night Rates—8:30 P. M. to 4:30 A. M.

During reduced rate periods no station-to-station rate of less than 35c is reduced nor any rate of more than 35c reduced below 35c.

Person-to-Person Service—A person-to-person call is a call to a particular person or a particular extension telephone on a private switchboard at an out of town point. The rates for this service are the same for all hours and are somewhat higher than corresponding station-to-station day rates.

TOLL CALLS HANDLED BY YOUR OPERATOR

Station-to-Station calls from Hammond to the points shown below are handled by your local operator. It is not necessary to call "Long Distance." Simply give the number desired to your operator who will record and complete the call.

Telephone Service Calls

Call "Information" for names not listed in this directory.

Call "Supervisor" to report unsatisfactory handling of your calls.

Call "Repair Service" when your telephone is out of order.

Call your Business Office, Hammond 9981, for all matters relating to new telephone service, removals, termination of service, directory listings, adjustments of accounts, collection of bills, etc.

Telegrams by Telephone

You may telephone telegrams, cablegrams, or radiograms to the Postal Telegraph Cable Company or the Western Union Telegraph Company.

By arrangement with these telegraph companies, the charges for telegraph messages sent by telephone will appear on your monthly telephone bill. On messages telephoned from public coin box telephones, you will be requested to deposit the telegraph charges in the coin box.

When calling either of these telegraph companies, follow the instructions shown under its listing in this directory.

Reversed Charges—Charges may be reversed on all person-to-person and station-to-station calls. Where the station rate is less than 25c the rate for reversed charge station-to-station service is higher than the station-to-station rate.

Report Charge—A report charge is made if communication cannot be established on person-to-person or Reversed Charge calls for reasons beyond the Company's control.

Call By Number—Calling by number speeds your call. Give the Long Distance operator the name of the place and the telephone number you are calling. If you are making a person-to-person call also give the name of the person with whom you wish to talk. If you do not know the number give the name and address and the number will be furnished by the operator during the completion of the call so that you may make a note of it for future use.

A DEMOCRACY IN INDUSTRY

IN THE past ten years the number of Bell telephone calls made daily in this country has doubled.

The American people do not double their use of anything unless it returns a dollar's worth of value for each dollar spent.

A telephone in your home costs only a few cents a day. Yet it brings to your service the use of billions of dollars' worth of property and the efforts of hundreds of thousands of skilled workers. Fair pay to the workers and a modest profit on this property is all you pay for. There are no speculative profits in the Bell System, of which the Illinois Bell Telephone Company is a part. Everyone, from the president down, works for salary and pride of achievement.

The Bell System, in the best sense of the word, is a democracy in industry... operated in the best interests of the people who use it.

ILLINOIS BELL TELEPHONE COMPANY

Because of This Spirit

THE biggest thing about your telephone is the spirit of the hundreds of thousands of people who make up the Bell System, of which the Illinois Bell Telephone Company is a part. No matter what their particular jobs may be, they are first of all telephone men and women.

The loyalty of these people to the ideals of their work is reflected in every phase of your telephone service. It shows in the increasing speed with which your local and Long Distance calls are completed. It shows in the greater accuracy with which they are handled. It shows in the wider and more convenient facilities which are placed at your command—extension telephones, intercommunicating systems for home and office, small and large switchboards, teletypewriters and many others.

Every time you telephone, you get the advantage of better and better service at the lowest possible cost.

about

HAMMOND

Calumet City

Hammond, formerly known as State Line, is situated in Lake County, Indiana, in the northwestern part of the State and directly adjacent to Chicago's eastern limits.

In 1868 George Hammond, in whose honor the city was later renamed, located his packing industry in this territory and was instrumental in the community's early development. The city charter was secured in 1873 and Hammond's growth as an important packing center was rapid. The beginning of the twentieth century, however, saw the meat packing business largely replaced by numerous diversified industries seeking to locate in a region that offered excellent transportation facilities by rail and water and an excellent accessibility to markets and raw materials.

Since 1900, Hammond has become one of the important centers for bookbinding and the manufacture of railroad equipment. Situated as it is, in the heart of the Calumet industrial region, its destiny and continued growth is assured.

Calumet City is located to the west of Hammond, and although in Illinois it is essentially and economically a part of the city of Hammond.

Post Office Information

The Hammond Post Office is located in the Federal Building at 507 State Street and is open on week days from 8:00 A.M. until 7:00 P.M. The Calumet City Post Office, at 706 Wentworth Avenue, is open from 6:00 A.M. until 7:15 P.M. Domestic mail is divided into the following four classes:

First Class: Letters, etc., 3c for each ounce or fraction thereof. Local rate for letters, 2c. Post cards and postal cards, 1c each.

Second Class: Newspapers, periodicals, etc., 1c for each two ounces or fraction thereof.

Third Class: Articles weighing not more than eight ounces. Miscellaneous, 1½c for each two ounces up to eight ounces. Books, seeds, catalogs, etc., 1c for each two ounces or fraction thereof.

Fourth Class: Parcel Post. Third Class articles over eight ounces and all mailable matter not included in First or Second Class. Rates on Parcel Post vary with weight and mileage.

Patrons are urged to address mail completely, spell state names in full and to show return address on all matter. If in haste, use Air Mail or Special Delivery.

There are six branch substations in Hammond where ordinary postal business may be transacted from 8:00 A.M. until 5:00 P.M.

Public Library Information

The Hammond Public Library, which has approximately 90,000 volumes in its collection and an annual circulation of 700,000, is located at 5011 Hohman Avenue. The library is open on week days from 9:00 A.M. until 9:00 P.M. and on Sundays from 2:00 P.M. until 5:00 P.M. except during July and August.

Branch libraries are located at the following addresses: 847-117th St., 4809 Oak Av., 5444 Calumet Av., 1047 Conkey St., 521 Conkey St., 2823 Martha St., and 649 Mulberry St.

Civic Organizations

The Civic Organizations of Hammond and Calumet City are as follows:

Chamber of Commerce, 425 Fayette St.
Manufacturers Association, 425 Fayette St.
Kiwanis Club, Wednesday, Masonic Temple.

Rotary Club, Tuesday, 425 Fayette St.
Women's Club, Ruth & Golf Sts.
Business & Professional Women's Club, 425 Fayette St.

Calumet City Chamber of Commerce, 204, 154th St.

Recreation

Hammond, like all other cities of the Calumet Region, is close to the Sand Dunes and Dunes State Park, for many years an attraction to sport lovers in all seasons.

Hammond's park system covers 141 acres including Lake Front Beach and several well equipped playgrounds for children. A memorial park is located in Calumet City and Wicker Park, a memorial to Lake County's war dead, is situated just outside the south limits of the city. There are several excellent theatres in the city.

Transportation

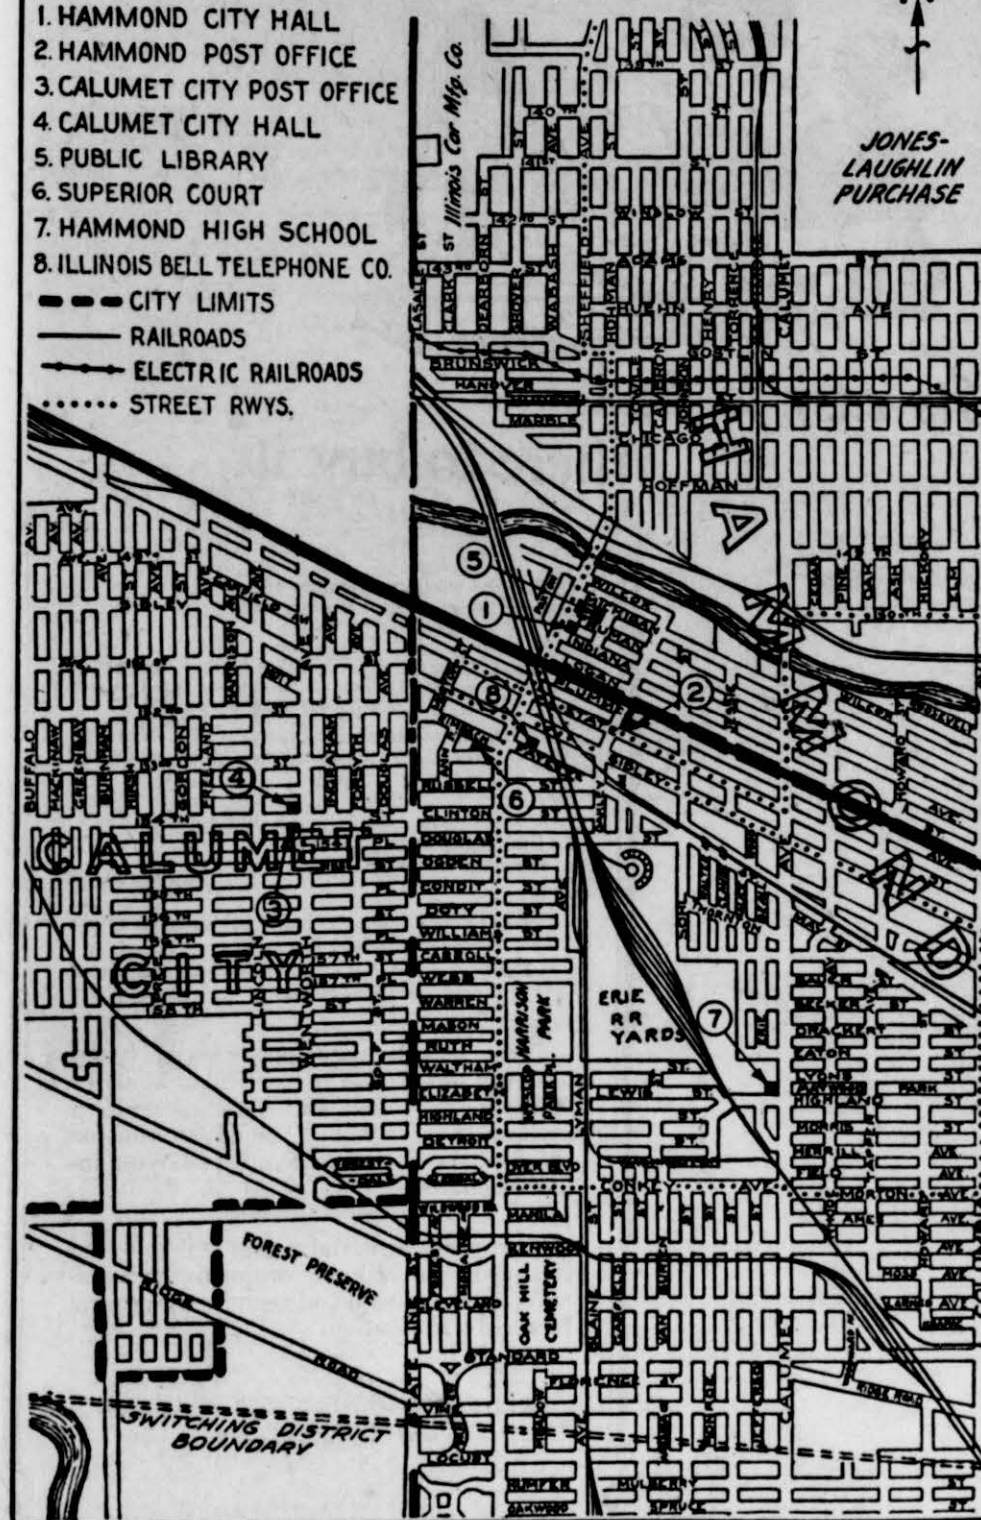

Hammond is served by several large railroads operating freight and passenger service, including the Erie, Monon, South Shore, Michigan Central, New York Central, Nickel Plate, Pennsylvania and Wabash railroads. There are also four belt lines serving the industrial district while frequent interurban passenger service is maintained between all cities of the Calumet Region. Excellent motor coach service by the larger bus lines is available to all points.

Directly south of the city is located the Hammond Ford Airport, one of the largest and best equipped fields in the country. Freight, passenger and mail service to many points is maintained on regular schedule at this field.

For the Hard of Hearing

A special telephone has been
developed by the Bell Sys-
tem for the aid of those with
impaired hearing.

Installed in the home or
office, it amplifies the vol-
ume of sound, making it pos-

Communication Services

TO FIT YOUR PARTICULAR NEEDS

The Illinois Bell Telephone Company has a solution for your communication problem, whether it be in your business or at your home. A partial list of the many time saving and convenient facilities offered for your consideration is shown below.

TELEPHONE SYSTEMS for communication between different parts of the office, home or plant.

EXTENSION TELEPHONES in another part of the office or home.

CODE CALLING SYSTEMS designed to permit the sounding of code signals in various parts of the office or plant. By means of these code signals, persons away from their telephones may be summoned to the nearest telephone to receive a call.

CONVENIENCE PLANS to provide greater flexibility in making or answering calls on one or more lines and with intercommunicating and secrecy features.

TELEPHONE TYPEWRITER SERVICE for instantaneous communication of typewritten messages between offices in the same building, in the same city or in different parts of the country.

LOUD RINGING BELLS for locations where noise makes it difficult to hear the ordinary telephone bell.

EQUIPMENT for the reception of telephone orders with speed and efficiency.

ESPECIALLY EQUIPPED TELEPHONES for those who have difficulty in hearing over an ordinary telephone.

A telephone call to our Business Office, will bring a representative who will gladly discuss with you your own particular communication problems.
